

Press release

5000 euros for Beiertheim food bank

Karlsruhe (CV). A visit for the Beiertheimer Tafel: Sandra Weisenburger, "Director of Human Resources" at IWK Verpackungstechnik GmbH, is received by Ralph Beck, Market Manager of the Beiertheimer Tafel, an institution of the Caritasverband Karlsruhe e.V. Both organizations have in common that they have a sense of responsibility for the fellow citizens of their city and are committed to helping those who find themselves in difficult situations. The one with a generous donation, the other through their daily work with their clients. By handing over 5000 euros, the IWK has made a significant contribution to ensuring that the Beiertheimer Tafel can continue to offer sufficient goods. "In the last few months, we were forced to buy in products for daily needs because we did not receive enough donations of goods," says Beck. Due to the Corona pandemic, the demand for non-perishable food and hygiene articles has increased, so that fewer products could be donated by supermarkets and drugstores. On the other hand, the Beiertheimer Tafel has registered more requests for customer cards, as many people have found themselves in a precarious situation due to the loss of their jobs. "Since the Corona crisis, we have observed new poverty that presents us with great challenges. We are happy when companies like IWK support us and show interest in our work," says Beck.

The Beiertheimer Tafel is open every day - except Wednesdays - from 1 to 5 pm. On Wednesdays, customer cards that entitle the holder to shop in the shop can be applied for from 10 am - 4 pm at Marie-Alexandra-Straße 35.
